Through this site, the Marines and Sailors of 1st Marine Aircraft Wing are now able to bring their good ideas directly to the attention of the Wing Commander, Brigadier General George J. Trautman III. Suggestions should focus on practical improvements we can make in the Wing related to BG Trautman's five guiding principles: Ensuring Operational Excellence; Taking care of Marines, Sailors and their families; Managing Risk; Contributing to the Future of the Corps; and Building Camaraderie and Esprit de Corps.

The items posted to this site will be read and decided upon by the CG. Depending on the suggestion, the CG will task an individual to resolve or implement the idea.

This is another opportunity for 1st MAW's Marines and Sailors to positively impact this Wing and ensure we lead the Marine Corps in operational excellence.

**Resolution:**

Gunnery Sergeant Milewski, Thank you for submitting your recommendation regarding the installation of kitchenettes in SNCO barracks. Your point is well taken and the idea makes a lot of sense, particularly in the context of our transition to longer tour lengths here on Okinawa. In the case of existing BEQs, modification would be financially and structurally impractical because the addition of kitchenettes would involve significant electrical, plumbing, sewage, and ventilation modifications to each existing room. However, we will ensure your recommendation is presented during the planning stages of all new BEQ procurement. If built in at the beginning of the construction process, I agree with your assessment that the addition of kitchenettes would be cost effective for the Marine Corps and would improve quality of life for our SNCOs. Thanks for taking the time to share your ideas about taking care of our Marines and their families.

**Subject:** SNCO barracks should have kitchenettes.

**Brief Discussion:**

SNCO barracks should have kitchenettes installed in individual rooms. Even more so now with the change of the 1 year unaccompanied tour to a 2 year unaccompanied tour. This may also keep some single SNCO's from moving out in town and save the Government approximately 24,000 dollars per SNCO a year in BAH that would not be paid out.

**What would you like the CG to do?**

Although this would not benefit me, it would benefit future SNCO's. Please consider this for future funding of base facilities.
